No, I am just trying to engage this guy. If he can visit USA with bala or his son I will be able to make direct contact. We can even take care of them here if we want.

I will have Sanders call him, he might be able to get an investor, if not then at least we can arrange a fund raiser for him here. I am coming on 3 June. He has written mw another letter which I am forwarding also.

Take care. How is the Polar Bear cub.

Dear Mr. Rege:

It is always a pleasure to talk to you. Your business skills are awesome. We Americans claim to be the salesmen but you are deservedly the true entrepreneur and rightfully hold your positions. From your intelligent ideas of tax saving I wish I were an Indian national. We work all our lives paying taxes. I have never seen any third world countryman going to jail for tax evasion while in US it is very much in line to face the consequences for any law break.

Anyway for doing business together we are not far off. The only difference being to get paid for the work we do directly in our account. Administrative costs are higher in the US. We will shoulder your legal and administrative duties in the US. Allow me to say that we would like to raise funds for your educational and social work around the world exclusively. You will need some big names in the fund raising. I am sure it is not a problem for you as every body in your organization is as much willing as you are to do social work. In US while people are generous, they want transparency. They will ask for your plans first and then they will make surprise visits and will need online and hardcopy proofs of your work. This country is first world because of its amazing institutions of work and accountability. Should they doubt you once, rest assured we will all lose credibility. They would like to hear you and your big names before they reach into their deep pockets. I am sure your projects will bring American Dollars to India and Americans will be proud of your social work.

I wish you good luck for your personal ventures in your IT field and will do my best to assist you in that matter as well. I am really impressed with your hard earned resume.  
I hope to see you soon

Sincerely

Dave

Dear David,

Ok. Let your boss Mr. Sanders come from vacation then we will talk on that. Now you need explanation on financial aspect that how both of us get financially benefitted. right. Now there are many huge projects of constructions, dams, roads, flyovers, bridges, canals, power, agriculture etc. these projects I have from govt. sector as well as private sector. If it is a govt. project then they come out with tender and we have to bid for that. The lowest price gets the project. here we have to give under table money and manipulate the tender. if it is a private sector project it is very easy as all of them are known to me. I tell you people the price of the project and we get it. Financially both of us get benefit as we

get our consultancy charges. thats all. but even these consultancy charges ranges from few hundred lacs to few hundred crores of indian rupees. as the project is awarded to the concern people thats after signing the MOU with both the parties we get our consultancy fees. if its beneficial to get in US dollars then full amount you get and then you transfer half to me. And if it is beneficial to get in indian rupees then I get full amount and I pass half to you. For these activities I have my own trust registered under Indian laws. the purpose of this that we get benefit for these consultancy fees. I show here that i got donations for social work as education or medical. Thats gives me saving Income tax.

Same applies to what I asked to get donations from US. YOU can simply tell them you are generating funds for well fare of mumbai people for poverty, unemployment, childrens, old people, education, medical etc. For which they get proper authorised, leagal acknowledgment(receipt) of the same. If you are coming mid of june. I expect minimum of 10 lac US \$ of donations from your side. whether it is cash or cheque. Cash is better for me. as expalined above. ok.

About myself personally. If I want to explore my self in US. WHats the probability??? I am computer science degree holder. I have b. Tech in computers. I have over 16 yreas in IT. Currently I am working as CIO(chief Information officer)/Head IT and corporate commnucation with on of the top most company in India. It is first Indian multinational. it is into consumer elctronics and home appliances, gas, power, petroleum, mobile sevice, DTH(direct to home) cable services, retail segmatn. etc. If you have some contacts with top companies let me know.

About coming there for presentations I am preparing for it. I am considering you and Mr. Sanders suggetions also.

Looking forward for positive things

Cheers

Dear Mr. Rege,

So nice to finally talk to you after so many months. I have been doing some preliminary work on your projects. As I mentioned my Boss Mr. Sanders is vacationing in Spain but even then I did get to talk to him a little on this topic. He is very well connected with the government here as well as with a lot of Multi-national Companies. It will be very easy for him to find companies who want to invest in India, as long as it is beneficial for both of you. He will personally speak to you on this matter when he returns but he did ask me to get some more information from you, financially speaking, on how this would work. So please send me some more details.

Regarding the other matter, it also looks very promising. We could book halls in advance for you in multiple cities, like New York and Chicago, and guarantee large audiences. However my Boss suggests that, if it is possible, you should have some big name personality from your party to accompany you to America for maximum results. Would you be able to do that? This would guarantee all fund-raising activities to be a big success.

I will get more details for your personal matter as well. But certainly a man of your qualification in the IT field will have nothing but success here. We can explore all these possibilities when you arrive.

Thats all for now. I will also check Dubai for you. I should arrive there by the middle of June, just as the rainy season begins. Hope to see you then.

Take care,

David.

Darling,

Therefore they do not see the urgent necessity of what we, when our kingdom comes, shall adopt at once, namely this, that IT IS ESSENTIAL TO TEACH IN NATIONAL SCHOOLS ONE SIMPLE, TRUE PIECE OF KNOWLEDGE, THE BASIS OF ALL KNOWLEDGE -- THE KNOWLEDGE OF THE STRUCTURE OF HUMAN LIFE, OF SOCIAL EXISTENCE, WHICH REQUIRES DIVISION OF LABOR, AND, CONSEQUENTLY, THE DIVISION OF MEN INTO CLASSES AND CONDITIONS. It is essential for all to know that OWING TO DIFFERENCE IN THE OBJECTS OF HUMAN ACTIVITY THERE CANNOT BE ANY EQUALITY, that he, who by any act of his compromises a whole class, cannot be equally responsible before the law with him who affects no one but only his own honor. The true knowledge of the structure of society, into the secrets of which we do not admit the GOYIM, would demonstrate to all men that the positions and work must be kept within a certain
- > circle, that they may not become a source of human suffering, arising from an education which does not correspond with the work which individuals are called upon to do. After a thorough study of this knowledge, the peoples will voluntarily submit to authority and accept such position as is appointed them in the State. In the present state of knowledge and the direction we have given to its development of the people, blindly believing things in print -- cherishes -- thanks to promptings intended to mislead and to its own ignorance -- a blind hatred towards all conditions which it considers above itself, for it has no understanding of the meaning of class and condition. This started in the early 1960s in the banning of school prayers, removal of ten commandments and it's teachings from our schools, the creation of an imbalance between man's spiritual-psyche and scientific-material existence by seperating and destroying the ties between man's physical and spiritual existence. By destroying the teachings that man is both spiritual and physical by nature throughout his existence on Earth, we also have destroyed the blessings of knowledge that must be added to wisdom by seperating the grace of wisdom from it.

But even freedom might be harmless and have its place in the State economy without injury to the well-being of the peoples if it rested upon the foundation of faith in God, upon the brotherhood of humanity, unconnected with the conception of equality, which is negated by the very laws of creation, for they have established subordination. With such a faith as this a people might be governed by a wardship of parishes, and would walk contentedly and humbly under the guiding hand of its spiritual pastor submitting to the dispositions of God upon earth. This is the reason why IT IS INDISPENSABLE FOR US TO UNDERMINE ALL FAITH, TO TEAR OUT OF THE MIND OF THE "GOYIM" THE VERY PRINCIPLE OF GOD-HEAD AND THE SPIRIT, AND TO PUT IN ITS PLACE ARITHMETICAL CALCULATIONS AND MATERIAL NEEDS."

This has resulted in a disastrous oligarchial, oligopolistic, anti-sovereignty and anti-nation- state oligopolies that destroys the freedom of independent thoughts, thinking, progress, advancement, movement, flexibility of initiative. So many Russian business and industries were sold under nefarious and unfair conditions in the early 90s after it's collapse, most especially during Yeltsin's reign, and place under obviously destructive business terms inorder to destroy their independence and progress in areas that they are competetive and better in providing results.

In the first place we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion. In the second place, by our intrigues we shall tangle up all the threads which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements, but, as regards what is called the "official language," we shall keep to the opposite tactics and assume the mask of honesty and complacency. In this way the peoples and governments of the GOYIM, whom we have taught to look only at the outside

This is the promotion of the most destructive form of social and governmental institution that has kept mankind from progressing until the advent of Islamic civilization that has shown an alternative form of social and governmental organization based on the freedom of movement and advancement in any goals in ones life.

The OCCASIONAL GENIUS HAS ALWAYS MANAGED AND ALWAYS WILL MANAGE TO SLIP THROUGH INTO OTHER STATES OF LIFE, BUT IT IS THE MOST PERFECT FOLLY FOR THE SAKE OF THIS RARE OCCASIONAL GENIUS TO LET THROUGH INTO RANKS FOREIGN TO THEM THE UNTALENTED WHO THUS ROB OF THEIR PLACES WHO BELONG TO THOSE RANKS BY BIRTH OR EMPLOYMENT. For example: a person can be made to become literate or seems to be educated but still cannot see the big, whole, picture that connects all relevant information (that is, if these God Cursed Zionists will ever provide him or her with relevant information) into a single living body of knowledge that enlightens the person involved with it.

We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which depict all the errors of the government of the GOYIM. The study of practical life, of the obligations of order, of the relations of people one to another, of avoiding bad and selfish examples, which spread the infection of evil, and similar questions of an educative nature, will stand in the forefront of the teaching program, which will be drawn up on a separate plan for each calling or state of life, in no wise generalizing the teaching. This treatment of the question has special importance."
